grouptalk

Business critical Push-to-talk and collaboration

Thanks for taking the time to evaluate the GroupTalk services. We hope you find our services useful and let us know if we can be of any assistance during your trial.

Please note that your test period is limited to 5 users and 14 days. If you need more time or access to additional users, you are welcome to send us an email at info@grouptalk.com.

In order to test GroupTalk Push to Talk you need to add some users to talk to. This documents illustrates how to add users in the GroupTalk web admin.

Add users

A GroupTalk trial account was auto generated for you and is ready to use. Your next step is to add users so that you have someone to talk to.
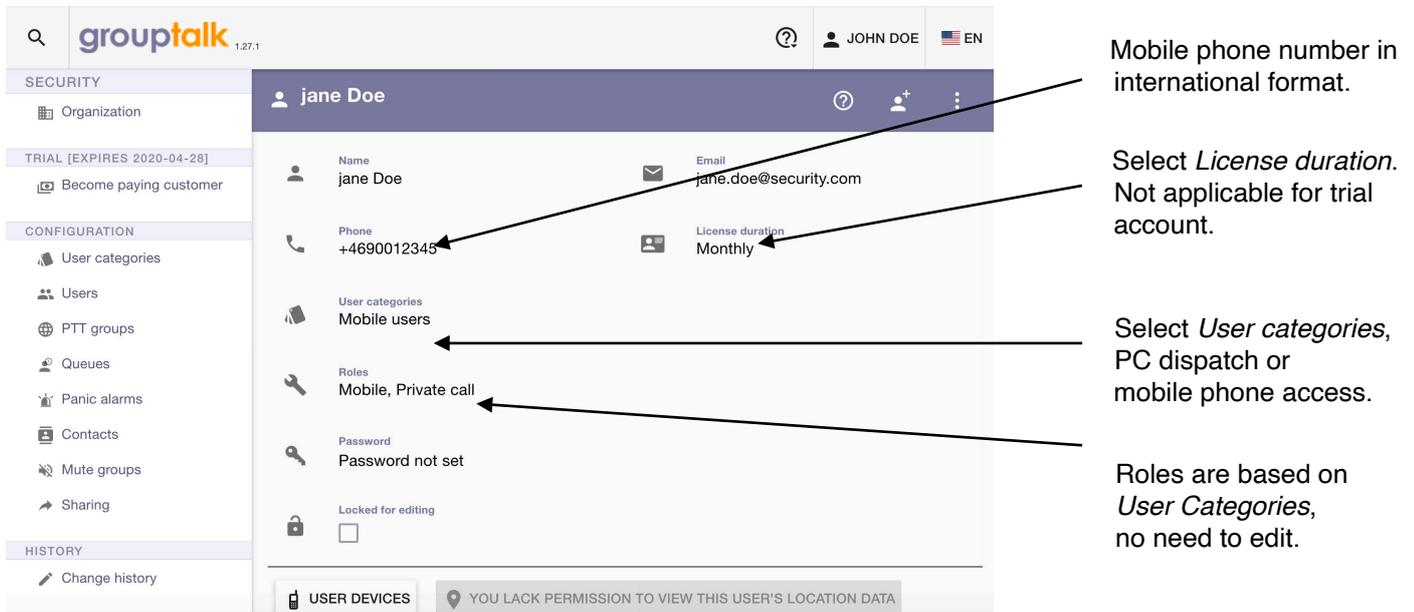

The trial service set-up will allow you to test group PTT communication between mobil phone users as well as with PC Dispatch. "Private call" is also enabled that allow 1:1 communication between users.

To add users:

1. Select *Users* in the menu on the left.

2. Press the "plus icon"

Press to add a user.

3. Enter user information, select a User category and press create.

Mobile phone number in international format.

Select *License duration*. Not applicable for trial account.

Select *User categories*, PC dispatch or mobile phone access.

Roles are based on *User Categories*, no need to edit.

GroupTalk mobile app

You find the GroupTalk mobile app on Google Play or Apple Appstore. Search for *GroupTalk Sweden*.

• Download the GroupTalk app

• Start the app and select SMS as authentication method

• Follow the on screen instructions and accept all requests for phone resources.

Now you and your team is ready to start using the Group and the Private Call PTT functionality in GroupTalk.

Enjoy!
